

European Union Recovery Instrument (EURI) 2021-2022

EURI funding is being provided to support local communities and enterprises with an opportunity to:

- Respond to emerging challenges
- Support measures that encourage employment and job creation
- Communities and community groups to respond, recover and adapt to the COVID-19 pandemic.

EURI Funding can be used to support the following areas (which are not exhaustive):

1. Supports to rural businesses seeking to reach new markets, expand, innovate or diversify in response to the impact of the COVID-19 pandemic.
2. Community based projects that seek to address emerging challenges as a result of the COVID-19 pandemic, promoting greater social inclusion.
3. Support for new and innovative projects in the areas of climate change, environmental protection and the green, bio and circular economy within the LAG area.
4. Maximising the potential of broadband and the digital economy in communities, including through skills development and building awareness and usage of available remote working facilities. (This must be in line with “LEADER funding for Broadband Infrastructure and Broadband Connection Points” of the LEADER Operating Rules – speak to your Project Officer for more details).
